We are trying something new this year! We agreed with last year's convention evaluations that the Curriculum Resale Event was too cramped. So we're taking the sale outside! To make loading/unloading easier, sellers will park in a designated spaces and sell their items from behind and beside their vehicle. We hope that this open-air market will be more enjoyable for buyers and sellers alike.

As a seller, you will be reserving parking spaces. Your materials will be sold behind your vehicle, reducing your loading/unloading burden. Your first parking space, which is where you will park your car, will provide you with 4' x 10' feet of space for sales. Should you require an additional parking space due to the quantity of merchandise you are selling, you may add parking spaces (first one for your car, additional are empty spaces beside your car). Each parking space may be reserved for \$10.00.

Homeschool Idaho will NOT be including tables with spaces. You are free to bring your own tables and chairs from home. Should you require tables, you may reserve 8' x 2' tables for \$12.00 per table. We are allowing 4' x 10' of sales space behind each car, which will accommodate only one table.

For safety, no tables can be placed between cars. Additional tables must be set up in an additional empty parking space. If you plan to utilize multiple tables, please reserve multiple spaces.

If you would like to provide shade from the sun for your space then we suggest that you bring a pop-up awning or patio umbrella with a stand. We will not allow tents to be staked to the ground due to tripping hazards and because our facility has requested that we not risk their sprinkling system by pounding sharp objects into the ground. If you bring a tent it must fit within your space and cannot be staked down.
